

Contractors & Service Technicians

THOUSANDS IN USE THROUGHOUT THE COUNTRY! That's right...with the TURBO®200 you'll always have the correct dual value motor-run capacitor when you need it!

SAVE MONEY & SPACE –
REDUCE INVENTORY – MORE
SERVICE CALLS PER DAY

MOST IMPORTANTLY – EARN MORE MONEY!!

For reliability and performance, the Turbo®200, 200X & the Mini meet the SAME UL 810, 10,000 AFC PROTECTED (amp fault current) safety standards as required for all original equipment motor-run capacitors.

DON'T BE MISLED. Only Amrad's Turbo®200 series has this critical UL 10,000 AFC: PROTECTED certification.
